Shiva Gupta

Electrical Engineering Student — Embedded Systems Enthusiast

sh2007gupta.chh@gmail.com — +91-8839546844 — GitHub — LinkedIn

Professional Summary

Electrical Engineering student with strong interest in embedded systems, intelligent automation, and hardware-software integration. Skilled in ESP32 development, PCB design, Arduino prototyping, frontend technologies, and Python-based problem solving. Passionate about building practical engineering systems that improve efficiency through automation and real-world innovation.

Technical Skills

Programming

- Python
- C++
- JavaScript

Engineering & Tools

- ESP32
- Arduino
- PCB Design
- Sensor Integration
- Frontend Development
- Circuit Design

Projects

Smart Energy Meter using ESP32 and Sensors

- Designed and developed a smart energy monitoring system using ESP32 and sensor integration.
- Implemented real-time energy tracking and data acquisition functionalities.
- Independently handled hardware interfacing, embedded programming, and system integration.
- Focused on scalable and efficient energy monitoring applications.

Drone Remote Controller Design

- Developed a custom remote-control interface for drone operation and wireless communication.
- Worked on control signal transmission concepts and hardware interfacing.
- Explored embedded communication and real-time control systems.

Education

Bachelor of Technology (B.Tech) – Electrical Engineering 2025 – 2029
Madhav Institute of Technology and Science, Gwalior

Achievements

- Developed independent embedded systems projects integrating sensors and microcontrollers.
- Continuously learning modern technologies including embedded systems and frontend development.
- Strong interest in interdisciplinary engineering combining software and electronics.

Areas of Interest

- Embedded Systems
- Robotics
- Intelligent Automation
- IoT Systems
- Hardware-Software Integration

Declaration

I hereby declare that the information provided above is true to the best of my knowledge.

Place: Gwalior
Date: July 7, 2026
